

# FREE Design Consultations

## Cheryl Deagon

*We welcome Sacramento area stager and décor expert Cheryl Deagon as our guest designer here at Kirkland's Feb. 11 and 12. There will be free one-on-one décor advice for you, in honor of our home décor store grand opening that weekend! Cheryl can help redesign a space in your home in a creative way to make it more manageable or appealing, for yourself or if you're planning to sell your home. She enjoys sharing decorating tips and makes it friendly and fun!*

*To help start the year off with an easy room makeover, Cheryl will tell you – personally – what you can do to get a room of your home in order, with a free one-on-one consultation with her. She'll be in this store from 1-4 p.m. as our guest designer for our grand opening Feb. 11 and 12 weekend. Please bring your digital photos of the space you need help with, such as a laundry room, living room, storage room, kitchen or even a closet area.*

*Cheryl uses her creative touch to make modern, clean styles that are accessible for her clients and that also work for home buyers' lifestyles. Her Sacramento area business is Arranging Places. She is a certified Interior Redesigner and Home Stager.*

*To learn more about Cheryl's staging and décor help business, go to her website: [www.arrangingplaces.com](http://www.arrangingplaces.com).*
